The Land Issue

People gathered in their masses to find out what the outcome of the meeting between TLM and certain members of the community was.

Northam – Everybody has their own interpretation of the land issue. And certain groups of people share the same interpretation. However, everybody wants to own their own property, whether it is a flat in the busy part of town or a plot on the outskirts of town. The illegal occupation of land that is not even earmarked for development will end up in no one owning anything.

Opsoek na ooggetuies [Brief aan die redakteur]

Ek is opsoek na ooggetuies van die ongeluk wat plaasgevind het op die R511 Brits pad, (pad tussen Thabazimbi en Brits), ongeveer 12h00 op Sondag 5 September. Ek wil ook graag hoor van die persoon wat agter die Volvo, wat in die ongeluk betrokke was, gery het. Anders as deurgegee deur noodpersoneel en geplaas in die koerant was die persoon wat oorlede was op die toneel nie die bestuurder van die voertuig nie. **Kontak asseblief vir Trusia Jonker 082 563 7437.**

Looking for eyewitnesses [Letter to the editor]

I am looking for eyewitnesses of the accident that took place on the R511 Brits road, (road between Thabazimbi and Brits), around 12h00 on Sunday 5 September. I would also like to hear from the person who drove behind the Volvo, which was involved in the accident. Unlike what was reported by emergency personnel and placed in the newspaper, the person who died at the scene was not the driver of the vehicle. **Please contact Trusia Jonker on 082 563 7437.**

Northam – Everybody has their own interpretation of the land issue. And certain groups of people share the same interpretation. However, everybody wants to own their own property, whether it is a flat in the busy part of town or a plot on the outskirts of town. The illegal occupation of land that is not even earmarked for development will end up in no one owning anything. Illegal land invasions in Northam is on the increase. The latest being a few illegal landgrabbers trying their luck again on portion 127 of the farm Koedoedoorns 414, next to the Northam landfill site on Sunday 19 September. This despite an urgent interdict obtained by the Thabazimbi Local Municipality (TLM) preventing the respondents from allocating stands on the property to members of the community or erecting informal housing on the site. In a notice released by the TLM dated

22 September the TLM strongly discouraged this unlawful occupation. "A lot of land invasions and illegal developments within the municipality occur due to persons or organisations pegging out plots that are not viable for stands - for personal gain (receiving payment), which are then allocated or sometimes sold to uniformed community members. This poses a great threat on future (physical) planning as well as infrastructure planning; and implementation of the municipal growth vision, thus impact on sustainable provision of basic service delivery (housing, roads, electricity, water and sanitation)," the statement read. A meeting between TLM and a community committee was scheduled for 22 September to discuss the issue. During the meeting it was

decided to arrange a meeting with the community and their ward councillor and all relevant stakeholders, sometime the following week. A large group of people (many of them not local community members) started gathering at the property during the afternoon (22 September), apparently in anticipation of the outcome of the meeting between the committee and the TLM. Land ownership has been a burning issue and there is a genuine need for many people who don't have a place they can call home. Funny enough, it was not these people that popped up at the property. A video circulated on social media show well-to-do people, driving expensive cars, waiting to hear if they can get their slice of the illegal cake. TLM communications manager Joshua Motsomane could not provide further information about the matter except that TLM condemns any form of land grabbing. At the time of going to print there was no sign of any illegal activities on the property.

The land issue

The sign says it all.

BURNING BRANCHES BLOCK ROAD

Thabazimbi – A small protest on the gravel road behind Smashblock on Tuesday 21 September affected motorists on their way to work. With nothing else in the area to burn like the usual tyres, the protestors gathered branches and started a bonfire. And it was not for an early Heritage Day braai... It is just something a lot of South Africans do to draw attention to their situation or demands. Said an eyewitness: "The protestors were demanding jobs from Eskom. They blocked the road and shouted for their grievances to be addressed. We called the police who managed to disperse them."

Several Smashblock residents burned branches and blocked the gravel road leading to the Maroelasfontein mining operations.

VEERED OFF THE ROAD

Thabazimbi – A Toyota sedan veered off the road just before the Brits turn off near Thabazimbi on Wednesday 22 September. No serious injuries were reported.

LEARN HOW TO SAVE A LIFE

Thabazimbi –

Be prepared! Having the basic knowledge of Cardiopulmonary Resuscitation (CPR) and first aid can prove to be invaluable. It is the first step you can take in saving someone's life. CPR is a lifesaving technique that aims to keep blood and oxygen flowing through the body

when a person's heart and breathing have stopped. If it is performed within the first six minutes of the heart stopping, it can significantly increase the chances of keeping someone alive until medical help arrives. Not all emergencies require hospitalisation, but just by having the necessary knowledge for basic first aid can comfort and assist someone in pain. A simple thing like knowing how to correctly apply a bandage or a splint can reduce recovery time and if it is indeed a life threatening injury, knowing what to do can be the difference between life and death.

"By having these necessary skills you're not only equipped with knowledge of what to do in an emergency situation, but also develop the confidence you need to become a life saver rather than a bystander," said Trauma Rescue first aid instructor Johan Visser. Trauma Rescue is dedicated to saving lives and can provide you with the knowledge of what to do if you ever find yourself in a situation where you need to apply CPR or first aid. **For more information contact Trauma Rescue on 0861 789 911.**

Ssssnake!

Thabazimbi – Spring is here and with the warmer weather and rain that comes with it, snakes are also getting more active... The first rains usually bring an increase in frogs, baby birds, lizards and other prey. Some snakes are flooded from their shelters and there is an abundance of food sources. Several snake species mate in spring and several males may be attracted by a single female. As snakes become more active, the chances of stumbling upon a snake, rises.

After an encounter with a 2.5m python on Saturday 11 September, Thaba Fire and Rescue's Pierre Loots would like to urge the community to be vigilant.

“Snakes are getting more active. Please, be careful when you tend to your garden or go for a stroll.”

Thaba Fire and Rescue's Pierre Loots caught a 2.5m python.

Limpopo landfill sites in terrible condition but Thabazimbi and Northam looking good!

Thabazimbi's landfill site

Limpopo – AfriForum audited 153 landfill sites across South Africa this year as part of the organisation's national project to measure the quality of landfill sites in South Africa. Only 1 out of 11 landfill sites that were audited in Limpopo complied with national standards. In terms of applicable legislation and regulations, including the National Environmental Management: Waste Act 59 of 2008, all landfill sites must comply with specific requirements. According to Magdel Jansen van Vuuren, AfriForum's District Coordinator for Limpopo, most of the landfill sites in Limpopo are in a poor state. "This can be attributed mainly to people living on the landfill sites and making fires there. Animal waste is regularly dumped on some of the landfill sites and there are no sorting networks." Thabazimbi and Northam's landfill sites' management is progressing well. Access roads are clearly demarcated and easily accessible. Areas are also demarcated for household waste, garden and rubble waste... This is welcome after years of trash woes! A big thank you to all stakeholders.

Fighting fire with fire

Thabazimbi – Ten of Thaba Fire and Rescue's volunteers fought until the early morning hours of Wednesday 22 September to stop the fires raging in the Marakele area. The fire broke out the previous afternoon after a cloud or two moved over the area. A lightning strike might have caused the fire which spread quickly through the dry veld. The shifting winds did not make their task any easier. They used basic firefighting equipment and made firebreaks, preventing the fire from spreading in certain directions. After hours in the scorching heat and suffocating smoke, the fire was finally brought under control – just in time for the volunteers to start getting ready for work. This episode cost the Thaba Fire and Rescue team nothing less than R3,000 in petrol, not even mentioning the wear and tear to their equipment. A big thank you to these volunteers who risk their lives and give up valuable family time to protect our environment, animals, our property and sometimes even our lives.

The intimidating glow of the fire at Marakele could be seen from afar.

Don't stop to exchange details after an accident?

[Letter to the editor]

R510/ Rustenburg/ Thabazimbi – I was driving from Rustenburg to Thabazimbi when I saw three youngsters next to road, eyes stricken with panic. I had to pull over! (much to my mother's dismay when I told her later...) This was about 10km before Northam.

There was an incident between a taxi and a bakkie and it looked like the taxi pushed the bakkie off the road... The bakkie had a trailer containing off-road bikes and four-wheelers. When I got closer, the taxi driver and passengers were already on the side of the road, circling the bakkie. Another taxi also pulled over... And that was when I saw the youngsters. I pulled over.

I was followed by a third taxi driver who also pulled over.

I walked cautiously closer to the taxi driver and driver of the bakkie (I presume the father of the teenagers). Everybody was shouting. I walked up to the father and firmly said:

Get into your bakkie and leave! He wanted to 'talk to' the taxi driver about insurance and whose fault it was... that sort of thing. I eventually got him to leave.

I know it's procedure to exchange details after a vehicle accident, but to me, the situation was suspicious. Almost as if the "accident" was on purpose.

It's terrible getting into an accident, small or big – but your safety, and that of your passengers are paramount. If you deem the situation unsafe, drive to your nearest police station, don't stop, and then only can you exchange details... NOT in the middle of nowhere...

Can you operate without a diary?

[Letter to the editor]

I remember, just a few months ago, putting my diary in the bottom drawer... I took it out every now and then, but could not use it like before. That was when the third Covid-19 wave hit. You couldn't plan anything! My diary's timelines, not to mention date, didn't mean a thing. I grew up with 'failing to plan, is planning to fail'... it's one of my motto's. You can't sit around waiting for something good to happen. You need to take action, and if you want to do it smart, you have to plan. I go down on my knees and thank God that the troubling waters have calmed down a bit. I pray to God that I fulfil the plan He has laid out before me. And I'm thankful that my diary, and planning of my tasks, is once again something that I can take up. **#FailingToPlan**

Beware of Covid-19 scams!

Criminals will use anything, even Covid-19, to scam you!

With the global pandemic comes the desire to stay updated with the most current information. However, it can be difficult for internet users to navigate this information and separate fact from fiction. It is also difficult to ensure that links and resources are reliable. The reality is that malicious activity comes through just about every communication channel: email, social media, text, and phone messages, and of course, misleading, and malicious websites. A survey conducted by the global cybersecurity company Kaspersky, reveals data showing that more than two-thirds of local respondents say that either they or their loved ones have suffered from criminals via social networks since the outbreak of the virus.

- In most cases fraudsters pretended to be familiar with potential victims: the manipulation scheme presented a request for help from a friend (59%).
- The top Covid-19 related digital scam was fake insurance, followed by unemployment and third-party seller scams.

Remember...

- Never give out your personal details.
- If it sounds too good to be true, then it probably is.
- Watch out for fraudulent charities, first do your homework before donating.
- Do not click on links or icons of unsolicited emails.
- Never reply to these emails; delete them and empty your recycle bin.

PSALM 51 VERSE 1-14

¹Have mercy upon me, O God, According to Your loving kindness; According to the multitude of Your tender mercies, Blot out my transgressions. ²Wash me thoroughly from my iniquity, And cleanse me from my sin. ³For I acknowledge my transgressions, And my sin is always before me. ⁴Against You, You only, have I sinned, And done this evil in Your sight— That You may be found just when You speak, And blameless when You judge. ⁵Behold, I was brought forth in iniquity, And in sin my mother conceived me. ⁶Behold, You desire truth in the inward parts, And in the hidden part You will make me to know wisdom. ⁷Purge me with hyssop, and I shall be clean; Wash me, and I shall be whiter than snow. ⁸Make me hear joy and gladness, That the bones You have broken may rejoice. ⁹Hide Your face from my sins, And blot out all my iniquities. ¹⁰Create in me a clean heart, O God, And renew a steadfast spirit within me. ¹¹Do not cast me away from Your presence, And do not take Your Holy Spirit from me. ¹²Restore to me the joy of Your salvation, And uphold me by Your generous Spirit. Then I will teach transgressors Your ways. ¹³And sinners shall be converted to You. ¹⁴Deliver me from the guilt of bloodshed, O God.

Young and old clean up Northam

Northam – Saturday 11 September turned out to be a busy day for Northam community members who took part in a clean-up initiative. Litter and garbage were collected and put in refuse bags while busy areas in the CBD were also cleared and spruced up.

Both young and old participated in the clean-up.

Stranger danger awareness for kids

Northam – On Tuesday 7 September learners at Bishop Isaac Mokgope (BIM) School of Learning in Northam got to interact with and learn from the police. The visit was part of a police school safety programme which seeks to empower learners to avoid dangerous habits that could put their health or safety at risk. The learners were warned about stranger danger followed by a talk on bullying – and then it was fun in the sun!

Learners enjoyed endless moments of fun!

Neem asseblief kennis getroue lesers. Geen 'April fool' grappies word op die blad toegelaat nie en sodoende gaan die volgende inligting nie vir sensitiewe lesers bedoel wees nie...

Australië 30 - 17 Suid-Afrika

Die enigste liggpunt van hierdie berig is dat al die Bokspelers uiters intensiewe oogtoetse geslaag het. Bok se kind word behoorlik geslag deur 23 honger *Aussies*. Die *Aussies* het met skitterende *ruggas* die Bokke verniel. Handrè Pollard skop weer goed en dis dit. Wie skop mens nou uit die span? Vir die *Aussies* het hulle senterpaar – die twee beste senters in die wêreld – gewys wat senterspel op die planeet rugby nou eintlik behels! Len Ikitau druk twee keer met die vleuel Marika Koroibete wat ook twee oor die doellyn is. Die groot ster van die toets, soos in groot maat, Taniela Tupou, was 'n masjien. Hy storm soos 'n weghol Oshkosh trok teen die kantlyn af, stamp 'n hele paar Bokke en met 'n puik binne-aangee, sit hy Koroibete in die spasie om te gaan druk. Hierdie knaap is die nuwe sensasie van Wêreld *ruggas*! Net 'n ou met groot ghoenas sal 'n randjie op die *game* Saterdag teen die Kiwi's opsit, dis die ou wat met sy emosies Vrydagnag gaan worstel met silwer varing nagmerries. Alle grappies vir 'n ander geleentheid.

Die Bokke het die swakste toets in jare gespeel. Pateties, lamsakkig en siende blind. Wat hierdie week in die Bokkamp gebeur sal seker nooit geopenbaar word nie. Wat wel gebeur het is dat Jacques Nienaber slegs twee veranderinge aan die begin-span gemaak het met Kwagga Smith en Lood de Jager. François Steyn en Elton Jantjies is op die bank...

- Volgende op die kaarte... Wat dit so 'n ongemaklike situasie maak vir hierdie toets dat dit die 100ste toets tussen die twee lande gaan wees. Die eerste toets was in Dunedin op 13 Augustus 1921 gespeel wat toe deur die All Blacks met 13-5 gewen is. In die 99 toetse wat tot dusver gespeel is het die All Blacks 59 keer gewen, die Bokke 36 keer en 4 toetse was gelykop.

Nieu-Seeland 36-13 Argentinië

Die Kiwi's se sogenaamde C-span was toe net te sterk vir die moedige Pumas. Die All Blacks wen 36- 13 en toon hoe gesond Kiwi *ruggas* met hulle diepte in alle posisies ou grote. Die Argentyne is nou onder groot druk en speel volgende teen die witwarm *Aussies*. Die All Blacks op hulle beurt kom teen die Springbokke te staan.

THE PLATINUM BUSHVELDER NEWSPAPER

is the only
freely distributed
independent newspaper
based in Thabazimbi to print
and distribute 25,000 newspapers
per week - and gives free website
and WhatsApp exposure.

Our audited circulation figures are double
that of our closest competitor in Rustenburg
and close to 5 x that of our closest competitor in
Lephalale. Over the past 7 years *Platinum
Bushvelder* has cultivated a large
readership in Thabazimbi, Northam
and the greater Limpopo province.
Our prices are competitive and
we take pride in the excellent
exposure we give our clients.
